Change colour to red (collar)

24) 48 sc

Next, we will crochet the head part.

## Head

With beige colour yarn

Crochet the first 7 rows in the same way as you knitted the body.

In this case, we will alternate white and beige yarn colours, where beige yarn is indicated by the numbers in red.

- 8) 12 sc, 2 sc, 34 sc = 48
- 9) 11 sc, 4 sc, 33 sc = 48
- 10) 10 sc, 6 sc, 32 sc = 48
- 11) 9 sc, 8 sc, 31 sc = 48
- 12) 8 sc, 10 sc, 30 sc = 48

Change to light colour

- 13) 27 sc, 21 sl-st
- 14) 27 sc, 21 ch, skip 21 sts on the head, 1 slst (zipper slot)
- 15 – 16) 48 sc (2 rows)

Change colour to red (collar)

- 16) 48 sc

After the head part is finished

we will sew it onto the body

Align the fabric. Pick out the entire stitch on the edge.

Sew the crochet pieces together using the mattress stitch.

The head and body are assembled.

This completes the entire body part of the bag

**Belt** With white yarn. Crochet in turning rows

- 1) Ch13, starting in the second loop from the hook, 12 sc along the chain.
- 2) dec, 8 sc, dec =10 sc
- 3) 10 sc
- 4) dec, 6 sc, dec = 8 sc
- 5) 8 sc
- 6) dec, 4 sc, dec = 6 sc
- 7 – 24) 6 sc (18 rows)

Crochet the number of rows at your own discretion, depending on your height and fullness.

This is how you complete the first long strap

Use the same method to weave another short webbing

Make the second part of the strap, similar to the first from rows 1 to 7.  
Sew both strap pieces to the bag.

The length of the strap can be adjusted according to individual height.  
Adjust to the right size. The final step is to sew the webbing to the body  
After the straps are fixed, install a bag strap buckle on the short end to facilitate adjustment of the length.

## **Assembly**

Insert the eyes (12 mm) between the rows 10 and 11 of the head and the nose (12 mm), as in the picture.

Sew all the details: do embroidery.

Insert and sew the zipper in its slot (row 13 of the head).
