

# Cat Paw Half-Finger Gloves – Complete Crochet Pattern

These adorable cat paw half-finger gloves are reversible, playful, and perfect for adding a cute touch to your cold-weather accessories. Designed to be worn on both sides, this pattern combines simple stitches with clever shaping to create a unique and functional piece.

The pattern was carefully adapted from a video tutorial and rewritten into a clear, structured, step-by-step crochet pattern using standard US terms. The gloves are worked flat in panels and then joined, making the construction easy to understand while still offering beautiful texture and detail.

Decorative paw pads and a heart appliqué complete the design, giving the gloves their signature kawaii look. This pattern is suitable for confident beginners and intermediate crocheters.
